

Chromebook Charging Trolley

A great, compact trolley for smaller laptops & Chromebooks

Provides charging and secured storage for 16 or 32 Chromebooks, smaller laptops, netbooks and tablets (up to 13.3" screen size - see shelf dimensions). Horizontal device storage for easy access, with only a short length of power lead presented to each shelf.

Key features:

- Compact (less than 1m high), simple & unobtrusive design
- Charging using the manufacturer supplied AC adapters, all stored in a separate and secured electrical compartment with mains cable winders and shelves for power “bricks”
- Cable management with only a short length of DC power cable presented at the front of each shelf - so cables are all neat & tidy, very simple to connect and can't go missing
- Soft start power management module as standard to prevent fuse and circuit breaker issues on start up
- Choice of digital code or key locks
- Doors fold back 270 degrees preventing damage, providing easy access and with magnetic retention
- Handle cut outs to help you steer, lockable doors and lockable castors
- Available in compact trolley or cupboard variants, or as integrated modules within the **zioxI** TeacherWall

CHRG-T-CB-16	Mobile storage and charging trolley for 16 Chromebooks and small laptops, with power management and key lock	95h x 64w x 50d (cm)

CHRG-C-CB-32	Static storage and charging cupboard for 32 Chromebooks and small laptops, with power management and 2 key locks	86h x 91w x 50d (cm)

Chromebook Charging Trolley

Shelf dimensions:

The device shelf size (mm) is 400d x 250w x 41h. This is sufficient for chromebooks and small laptops up to 13.3" screen sizes, including the Toshiba 13.3" Chromebook and MacBook 13". The trolley is also suitable for netbooks and tablets with upto 13.3" screens. These dimensions also need to accommodate the power lead connector plugged into the device. Please check this carefully, especially if the power connector is on the back edge of the laptop. If in doubt, then please give us a call.

End power connection

Back power connection

Finish	White melamine-faced MDF carcass and doors, compact laminate top, extruded shelves, metal electric compartment cover in dark grey.
Power	Requires 1 external power socket. Soft start power management is included as standard on all models. Supports UK & EU plug sockets for device AC adapters, others by request. <i>(Individual device power adapters & cables are not included)</i>
Warranty	5 years (2 years for electrics)
